

MOTORTREND INTERNATIONAL AUTOSHOW — BALTIMORE —

This Service & Information Manual contains material which is vital to the successful planning, marketing and management of your display in the Motor Trend International Auto Show-Baltimore.

The services and contractors listed in this manual are for your convenience. Show Management suggests that you employ the services of Global Experience Specialists (GES), this year's official show contractor, for your greatest efficiency and ease, since they are familiar with the show and work schedule. The GES Espresso online ordering link is <https://ordering.ges.com/083600924>

All independent contractors must coordinate their work schedules with GES and comply with all guidelines and insurance requirements.

Please note that insurance policies must provide coverage for all dates from move in through move out and all the required information as listed in detail in the Important Rules and Requirements section of this manual. Policies that are not completed correctly will be returned. All exhibit set up contractors must submit a correct and complete policy at least thirty (30) days prior to the first move in day of the show or they will not be permitted to work in the Baltimore Convention Center.

The most up-to-date exhibitor information, including CAD floor plans (DWG format), can be downloaded at www.AutoShowBaltimore.com.

It is important that you give this manual to those persons or agents having responsibility for your participation in the show. Motor Trend Auto Shows thanks you for your cooperation. We wish you a most successful Motor Trend International Auto Show!

Move In & Set Up Information

Carpet Installation, Freight Deliveries & Exhibit Set Up

In order to allot as many straight time hours as possible for exhibit set up, a detailed move-in schedule has been developed. This requires the support and cooperation of exhibitors, freight carriers, and exhibitor appointed contractors for carpet, and or exhibit installation. The display supervisor should be on-site at the start of the freight target time in order to direct crate placement. Exhibit set up may begin two hours after freight delivery has begun to the exhibit space as identified in the move-in schedule below.

NOTICE: Failure to adhere to the timelines designated in the following schedule, or failure to provide an electrical order could result in a **30% off-target surcharge** on freight, labor or services.

All crates must be emptied and labeled by 5 p.m. on Tuesday, February 4 in order for GES to remove them from your exhibit space. **All exhibit areas must be completed by 8 p.m. on Wednesday, February 5** to allow enough time to clean all exhibit spaces for show opening.

A uniform appearance for all employees representing your company is preferred. **Ripped shirts, printed t-shirts, jeans with holes and dirty jeans or dirty sneakers are not acceptable show attire.**

Important Rules & Requirements

Aisles for Emergency Purposes

The Fire Department requires that all exhibitors leave one foot (1') of space on every public aisle and two feet (2') of space on any border of their exhibit that adjoins another display area. This will allow a four-foot (4') emergency aisle running between spaces.

Alcoholic Beverages & Food Items

Alcoholic beverages and/or food may not be brought into the Baltimore Convention Center.

Fire Regulations

Exhibitors must comply with all federal, state, and local fire codes which apply to places of public assembly, in particular, Chapters 5, 8, and 31 of the Life Safety Code. All curtains, buntings, draping, etc., of any kind must be flameproof. Special care should be taken not to block or obstruct any fire hose or fire extinguisher cabinets, fire pull boxes, or entrances and exits within the convention center.

Exhibitor Literature Boxes

Exhibitors cannot stack boxes of literature in display areas. The boxes need to be placed out of the sight of the public during show hours.

Vehicle Requirements

Battery Cable - All show vehicles must have the positive battery cable disconnected and taped using UL approved plastic electrical tape.

Gas Tank Level - Vehicles cannot have any more than five (5) gallons of fuel in the tank. All vehicles will be checked as they enter the convention center to make sure that the gas level requirement is correct. If the gas level exceeds five gallons, the vehicle will not be permitted to enter the building.

Gas Cap Requirements - If the gas cap door can be opened from outside your vehicle, the vehicle must have a locking gas cap and the inside gas cap must be taped. If the gas cap door must be unlocked from inside your car, then a locking gas cap is not necessary, but the standard inside gas cap must be taped.

AC/DC Converters - Cars using AC/DC converters must have the security system fuse disconnected to prevent the public from setting off vehicle alarms.

Prior to the public opening, all vehicles will be checked to see that all gas cap and battery cable requirements have been met.

Vehicle Access & Cleaning - All show vehicles, except factory display models must be unlocked during public show hours. All vehicles must be waxed or wiped daily.

Important Rules & Requirements continued

Exhibit Blueprints

All vehicle exhibitors participating in the Motor Trend International Auto Show must provide a scale electrical blueprint of their display to Motor Trend Auto Shows and Edlen Electrical Exhibition Services, Inc. at least thirty (30) days prior to the opening of the show. **Please include exhibit display heights as the exhibit hall has a sloped ceiling.** These blueprints will be used to place electric and telephone lines prior to carpet installation. **MTAS blueprints can be e-mailed to Steve_Freeman@motortrend.com.**

Signs & Banners

Any hanging signs must be framed and pre-approved by show management. Truss lighting is permitted. GES has jurisdiction on all installation work.

All signs must be professionally manufactured and have a finished surface on all edges and sides. Signs cannot block the view of other exhibitors.

Plastic letters, shoe polish and homemade signs may not be used on any vehicles or in any area of your display or booth.

Decorations, signs, banners, etc., may not be taped, tacked, stapled or otherwise fastened to ceilings, walls, doors, painted surfaces or columns. In the case of a complaint, the decision on whether a sign remains or must be relocated is up to Motor Trend Auto Shows.

Under no circumstances are helium balloons or adhesive-back decals to be given away or permitted to be used in the convention center. Any costs incurred by the Baltimore Convention Center from the use or removal of these items will be charged to the exhibitor.

Display Placement

Please include exhibit height details on your floor plans as the Baltimore Convention Center has sloped ceilings. Exhibitors should contact Show Management if they have any questions regarding ceiling height. Placement of exhibits cannot interfere, block, or extend into other exhibits or block emergency exits. An exhibitor could be asked to change the location or configuration of their exhibit or vehicle placement should they interfere with the rights of other exhibitors. All exhibits must be capable of standing by themselves and no supporting wires from the ceiling or draped walls will be permitted.

Exhibitor Presentation Restrictions

An exhibitor may not work, sell or distribute literature from any area other than the space rented by the exhibitor.

All public address systems must be kept to a volume so as not to disturb your neighboring exhibitors.

Important Rules & Requirements
